INITIAL AND OVERTIME RATES—All rates quoted are for a three-minute period, except the 10c rate, which is for five minutes. The overtime rate per minute for all calls is approximately 1-3 of the Station-to-Station rate for the initial 3-minute period.

NIGHT AND SUNDAY RATES—Low night rates are in effect from 6 p.m. to 4.30 a.m. weekdays and all day Sunday (except to nearby points) according to the time in effect at the centre where the call originates.

WHEN YOU NEED TO KNOW THE CHARGES—Long Distance users who need to know, as quickly as possible, how much their calls have cost, should tell the Operator at the time they place them. This ensures a prompt report by the Operator. Such requests should be made only when the information is essential.

DOMINION GOVERNMENT TAX

Long Distance messages for which the charge is 20 cents or more are subject to a Dominion Government tax of fifteen per cent, not exceeding 75 cents for any message

See inside back cover for information on "HOW TO USE LONG DISTANCE".

GENERAL INFORMATION

BUSINESS TRANSACTIONS

All matters relating to new telephone service, moves, removals, termination of service, [illegible] changes, installation of instruments, collection of bills, etc., are handled at the Business Office of the Company.

IDENTIFICATION OF EMPLOYEES

Employees of the Company, whose duties require them to enter the premises of subscribers or others, wear a numbered badge bearing the name of the Company or card of identification from the Manager. Any person claiming to be an employee of the Company who is without such badge or card should be refused admittance and the Manager notified at once by telephone.

INTERFERENCE WITH APPARATUS

A subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any telephone apparatus leased from the Company, or make attachments thereto.

DIRECTORIES

The Telephone Company assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of the Company. They are printed for the exclusive use of the Company's patrons and are issued to its subscribers. All persons are cautioned against reproducing their contents.

No unauthorized orders or lists may be used except as provided by the Company, and no advertising labels or stickers may be affixed to directories.

MAGNETO RURAL PARTY LINE INSTRUCTIONS

Always listen before ringing, to ascertain if the line is in use and thus avoid interrupting a conversation that is in progress.

Before a subscriber can call his number on a party line, he must first know the letter, then ring, being careful to make the signal distinct. The signal to give is indicated by the number following the letter "R". The first figure following the letter "R" represents the number of long rings, and the second figure the number of short rings. For example, to call "2R3," give two long rings and three short rings. Do not press the push button or crank several times rapidly, but ring slowly and distinctly.

To call a subscriber on another line, signal the operator and give her the number. To signal the operator, press push button while ringing.

When conversation is finished, replace receiver and give one quick ring off. Do not press push button while ringing off.

Conversation should not exceed five minutes' duration. Bear in mind that while you are using the line other subscribers are unable to do so.

PUBLIC NOTICE

The Company's tariffs are open to public inspection and may be seen on application at any of its Business Offices.

If we all cut out only one non-essential call a day

War calls must come first . . .

which means that we should reduce our non-essential use of the telephone to the minimum. Present facilities cannot be increased; your co-operation is needed if war calls are to go through promptly. ¶ Please remember that the wasteful use of telephone time can hold up war business —and that every second you save *counts*.

Better Service for Party Line Subscribers

1. Be sure you have the right number in mind. If in doubt consult your telephone book.
2. Before calling, find out whether the line is in use. If it is, hang up your receiver promptly.
3. Always wait a sufficient time for the called party to answer, at least five ringing intervals.
4. Speak distinctly and directly into the transmitter, with your lips close to the mouthpiece.
5. When your telephone rings, answer promptly.
6. Avoid unduly long conversations. Short conversations will keep the line open and make the service of most value to everyone.
7. Always replace the receiver immediately after conversation is over.
8. Do not allow children or others to listen to or interrupt your neighbour's conversation.

The practices suggested above have been found to greatly improve party-line service.

HOW TO USE LONG DISTANCE

Out-of-town calls are easy to make.

Give your Long Distance Operator—

First: The name of the town or city you are calling.

Second: Either, the telephone number or the name and street address you want to reach.

On **Station-to-Station** calls, say "Anyone there will do."

On **Person-to-Person** calls, give the name of the particular person with whom you wish to speak (or specify the department).

Third: When the operator asks for it, give her your own telephone number.

STATION-TO-STATION ("Anyone") CALLS

These connections are usually made faster and cost less than Person-to-Person calls

On Station-to-Station calls, give "Long Distance" **only** the place and number you want to reach. When calling a firm, **do not specify** that you wish to be connected with a particular P.B.X. local, office, department or branch served by that number. If you do the Person-to-Person rate applies.

Station-to-Station charges begin when "anyone" answers at the called number.

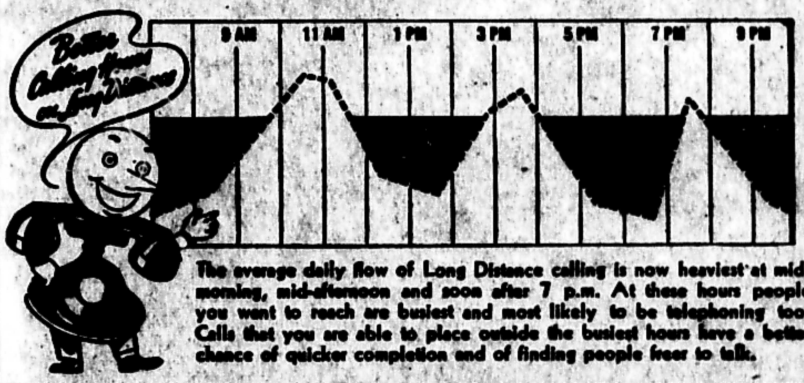
PERSON-TO-PERSON CALLS

This is the service to use when you must speak with a particular person

On Person-to-Person calls, give "Long Distance" the name of the place and the **person** you want to reach, together with the distant telephone number or street address, if you know it. You should also indicate the particular P.B.X. local, office, department or branch where that person is situated if you know it.

Person-to-Person charges begin when the specified person, P.B.X. local, office, department or branch answers.

YOU WILL BE SURE OF SPEEDIER SERVICE IF YOU CALL IN OFF-PEAK HOURS



The average daily flow of Long Distance calling is now heaviest at mid-morning, mid-afternoon and soon after 7 p.m. At these hours people you want to reach are busiest and most likely to be telephoning too. Calls that you are able to place outside the busiest hours have a better chance of quicker completion and of finding people freer to talk.

See inside front cover for information on Long Distance Rates
